**LunchBox<sup>2</sup>**

## **STG LunchBox Tip: Limit Ala Carte Purchases**

### **Pre Payment Management**

Lunchbox Pre Payment Management is a function which benefits both the school district and the parents/guardians. One issue with pre paid dollar accounts is that some students may spend too much money.

To address this situation, each student/participant can be setup in the system to prevent ala carte or limit ala carte purchases. This feature allows the school district to accommodate the desire of the parents/guardians to limit their child's spending.

When a student's account is set up to limit spending and the limit is exceeded during a sale, a message alerts the cashier to deny the purchase.
